Maintenance Manager
CESCO
Doha, Qatar State of Qatar

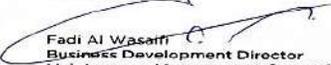

SUBJECT: Appreciation letter

Dear Mr. Al Bakri,

It is with a great Pleasure that we write this letter to express MMG appreciation for all the hard working that is done by CESCO Operation Team at World Trade Center during the inspection of the Civil Defense that was occurred in November 2018.

Again we highly appreciates CESCO hard working and hopefully to continue that in our future business

Sincerely Yours,

Fadi Al Wasaifi
Business Development Director

To whom it may concern

I am writing to recommend the services of Consolidated Engineering Systems Company (CESCO).

CESCO, subcontracted by Macro Qatar, has been adequately providing the Fire Alarm and Fire Detection Systems maintenance for the Doha Exhibition and Convention Center since January 2016. Their extensive knowledge and the active support they provide, have powerfully aided in keeping the project on track during the busy event period and through the Qatar Civil Defense inspection for certificate renewal.

CESCO, as a local agent of the mentioned systems, has been properly providing the required and essential spare parts for the system in the adequate response time.

Therefore, I feel confident in recommending CESCO services.

If you have any further questions, please feel free to contact me.

Regards,

Maisara Mohamed
